SCHEDULED TRIBES COMPONENT (Earlier Tribal Sub-Plan)

SCHEDULED TRIBES COMPONENT:

The Budgetary Classification System provides normative frame work for both policy Formulation and Accountability. Hither to the Government have been following Plan & Non-Plan system of Classification. Now, as per the decision of the Government of India, to merge Plan & Non-Plan expenditure and classify the Government expenditure under Capital and Revenue, the budget allocations are made accordingly.

As the distinction between Plan & Non-Plan has been removed and there is no Plan from the fiscal year 2017-18, the allocation for the Scheduled Tribes Component will be based on percentage of total schemes allocation for both Centrally Sponsored Schemes and State Government schemes and by duly ensuring that the allocation to the Scheduled Tribes Component will not be less than the percentage of ST Population.

On these lines, Budget allocation for 2017-18, is made for the schemes which would secure direct and quantifiable benefits to Scheduled Tribe individuals or Scheduled Tribes habitations. An amount of **Rs.352874.88 lakhs**, has been allocated under Scheduled Tribes Component 2017-18.

Implementation Mechanism

2.20 The State Government has initiated establishing elaborate and appropriate Institutional mechanism to operationalize TSP (present Scheduled Tribes Component) in the State. Two Apex bodies – Nodal Agency for TSP (present Scheduled Tribes Component) and the State Council for development of Scheduled Castes and Scheduled Tribes have already been constituted to initialize the process of planning, allocating and approving Tribal Sub-Plan.

2.21 An exclusive Finance Secretary in Finance Department is nominated by the Finance Department for performing functions related to budget implementation and allocation within the overall ways and means position of the State.

2.22 A unit for Technical and Monitoring Support for Nodal Department is established with an MOU with NABCONS to assist respective Nodal Agency to perform functions and duties assigned to it. A unit for Research activities is also established by appointing CESS (Center for Economic and Social Studies).

2.23 The State Council has identified nine departments for establishing Sub Plan Support Unit to strengthen TSP (present Scheduled Tribes Component). It is proposed to set up Sub Plan Support Units in Rural Development, Housing, Agriculture (One for entire sector), Education (One for entire sector), Drinking Water (One for entire sector), Health, Women and Child Development, Roads (including PR and R&B) and Planning Department.

2.24 Periodic monitoring and evaluation are essential for getting feedback and for ensuring that benefits of schemes and programmes reach identified beneficiaries. Accordingly, the District Monitoring Committees have been constituted in each district with the District Collector as its Chairman and responsible for implementation of the TSP (present Scheduled Tribes Component) in the district vide G.O.Ms. No. 34 Planning (XXII) Department dated 01.11.2013. It will be convened by PO ITDA / District Tribal Welfare Officer. Provision is also made for strengthening State, District and Sub-District units through providing necessary staff, guidelines, training for staff for the effective implementation and monitoring of the TSP (present Scheduled Tribes Component).

Rules issued

2.25 Government of Andhra Pradesh has issued the Rules for effective implementation of SCSP and TSP Act vide G.O.M.S. No. 23 Tribal Welfare (TSP) Department, Dated : 28-04-2015.

Chapter - 3

Scheduled Tribes Component : 2017-18

3.1 Based on the suggestions given on preparation of rolling plans, the schemes proposed under Scheduled Tribes Component (Earlier Tribal Sub Plan) should be demand based, outcome based and ITDA based and the proposed activities can be project based rather than scheme based. For the preparation of the action plans for 2017-18, a meeting has been convened by the Nodal Department for arriving the requirements and allocations made as per the felt needs of the Scheduled Tribes. A Meeting by Nodal Agency under the Chairmanship of Hon'ble Minister, Social Welfare & Empowerment and Tribal Welfare & Empowerment was held on 01.02.2017 in which the Budget proposals of the Departments for the year 2017-18 have been reviewed with reference to the expenditure for 2016-17 and recommended to the State Council for approval of the same. Accordingly, the scheme wise proposals from the line departments have been prepared and the allocations for the year 2017-18 have been arrived at. The concept of Plan and Non Plan has been dispensed with and the concept Capital and Revenue has been continued.

3.2 The total allocations for the year 2017-18 are Rs.3528.75 Cr. which is Rs.428.79 Cr. more than the allocations of 2016-17 with an increase of 13.83% over the previous year allocation.

3.3 The allocations for 2017-18 are made for 41 Departments and the remaining departments have zero allocation as per current proposal which may change during the year. Additional number of beneficiaries, households and area/ habitations for each scheme will be identified as the year progresses.

DEPARTMENT WISE PLAN OF ACTION : 2017-18

4.1 AGRICULTURAL DEPARTMENT

4.1.1 For the year 2017-18, an amount of Rs. 85.98 Cr. is allocated to the agricultural sector which continues to be the key sector in the economy of the State of Andhra Pradesh accounting for about one fifth of GSDP and providing livelihood to two third of the work force.

4.1.2 The following are the schemes proposed under Agriculture sector:

Central Assistance to State Development Plan Schemes

- **Rashtriya Krishi Vikas Yojana (RKVY):** Rashtriya Krishi Vikas Yojana (RKVY) is one of the Flagship Programme of Govt. of India with 60% central share and 40% state share and being implemented by Agriculture and Allied Sectors (Agriculture, Horticulture, Animal Husbandry, Fisheries, Sericulture etc.) for implementation of priority based various projects as per the approval of State level sanctioned committee to maximize the returns to the farmers.
- **National Food Security Mission (NFSM):** The National Food Security Mission scheme launched by Government of India during 11th plan and continued in 12th plan. The main objective is increasing production of Rice, Wheat, Pulses and Coarse Cereals through area expansion and productivity enhancement in a sustainable manner through Large Scale expansion of Redgram, Rice and commercial crop bunds in 50,000 ha/ area and increase of inter crop of Redgram with Pulses millets Commercial crops and oil seed crops. The funding pattern is 60:40 between central and state under this scheme.
- **National Mission on Oilseeds & Oil Palm (NMOOP):** To increase Production and Productivity of oilseeds. The Mini Mission on Oilseeds envisages increase in Production of vegetable oils sourced from Oilseeds. This Mini Mission is implemented by Department of Agriculture. Under this scheme, the funding pattern is 60:40 between central and state.
- **National Mission on Agricultural Extension & Technology (NMAET):** It has the following sub missions.
- **Sub Mission on Agriculture Extension (SMAE):** It has the key responsibility of disseminating all technology activities at the district level. It has linkages with all the line departments, research organizations, non-governmental organizations and agencies associated with agricultural development in the district and farmer organizations.
- **Sub Mission on Agricultural Mechanisation (SMAM):** Farm Mechanization, ensures reduction of drudgery associated with various farm operations and also economize the utilization of inputs and thereby harnessing the potential of available resources. The cost of cultivation is being escalated every year resulting in narrowing the net profit. Among many reasons, cost &

availability of labour contributing to the increase in the cost of cultivation. Mechanization of feasible farm operations will address the problem to the maximum extent.

- **National Mission for Sustainable Agriculture (NMSA):** It consists of 2 Sub-Missions.
- **Paramparagat Krishi Vikas Yojana:** Promotion of organic farming in cluster approach under PGS (Participatory Guarantee System).
- **Prime Minister Fasal Bima Yojana:** The Government has launched revised Insurance Scheme for the benefit of the Farmers who grow Agricultural and Commercial Crops such as pulses, serial, oil seeds and grains etc., and also Horticulture Crops. The rate of premium is 2% and 1.5% on Sum Assured for Agriculture Crops in Kharif and Rabi seasons respectively. The rate of Premium is 5% on Sum Assured for Horticulture Crops.

State Development Plan Schemes

- **Farm Mechanization:** Agricultural mechanization helps in increasing production, productivity and profitability in Agriculture by achieving timeliness in farm operations. Farm equipment like land preparatory, sowing equipment, plant protection equipment etc., are being supplied under subsidy. Custom Hiring Centers and Implement Hiring Stations are also introduced in mandals for major crops grown in the State like Paddy, Maize, Ground nut, Cotton and other crops like Tobacco to make High cost machinery available to small and marginal farmers.
- **Extension :** Capacity Building of Farmers, Farm Women and Farmer groups through farmer trainings, Polam Pilusthondi to upgrade skills and knowledge through transfer technologies to address the production gaps. To create a favourable attitude in farmers towards modern cultivation and maximizing their potential by rising awareness levels, pro-change attitude. Strengthening of RMGs to function as the interface between the Agricultural Extension system and Farmers for transfer of technology, access to market information and other farm related advice. Padipantalu magazines are printed and supplied to the farmers for creating awareness. MPEOs are placed to strengthen the agricultural extension network through facilitating effective extension reach to the farming community, addressing the immediate needs of the farmers during the season in case of un favourable seasonal conditions and sensitize the farmers on measures to be taken up to enhance the productivity levels. Honorarium is being paid for the utilization of their services.
- **Integrated Nutrient Management :** Analysis of soil samples has indicated that 40-49% of soils in Andhra Pradesh are potentially deficient in Zinc, Iron, Manganese and boron. It is evident that the 10-20% of the yield will be increased due to correction of Micro Nutrients deficiency by application of micro nutrients to the soils. Under INM programme mainly Zinc Sulfate and other micro nutrients is supplied to enhance Agriculture productivity through soil test based application. The fertilizer control labs are also strengthened.

- **Pavala Vaddi** : Pavala Vaddi is a bank linked scheme to provide financial support to the farming community and to encourage the farmers for timely repayment of crop loans. Pavala Vaddi is applicable for crop loans for the loan amount more than Rs.1.00 lakh and upto 3.00 lakhs.
- **Polambadi** : The main objective of Polambadi is to reduce the cost of cultivation and increase the productivity duly empowering the farmers to take economical decisions by adopting practices of integrated crop management. Polambadi programme is being organized by MAO and AEO in crop period from seed to seed for 14 sessions /weeks in 10 ha of land and 30 number of farmers in each polambadi unit.
- **Chandranna Rythu Kshetralu** : The main objective of the Polam Pilusthondi is to strengthen the extension reach at farmers doorstep for increasing productivity, profitability, sustainability and exploring the possibilities of value addition to increase the incomes of the farmers and Chandranna Rythu Kshetram is the new demonstration programme implemented in the farmers field itself, to promote best agronomic and farm management practices for achieving increase in productivity. It is planned to organize a demonstration programme by each AEO/ AO/ADA of the department.
- **Soil and Water conservation programme** : The main objective is to retain the moisture for longer period and also to increase the productivity through soil conservation measures are to be coupled with agronomic practices for higher production by adopting recommendations of Agriculture Universities for rain fed cultivation practices thereby improving indigenous cultivation practices.
- **Creation of Viable Farm Livelihoods by promotion of Organic Farming and Natural Farming in A.P** : A comprehensive project for creation of viable and sustainable farm livelihoods by promoting Organic and Natural Farming in clusters of selected mandals for benefitting farmers of Andhra Pradesh to spread over a period of 3 years.

4.2 HORTICULTURE

4.2.1 In the state of Andhra Pradesh, Horticulture, with an area of 14.75 lakh Hectares and an annual production of 188.22 lakh M.Ts is the major contributor to the GSDP under Agricultural sector. The major crops grown in Andhra Pradesh are Mango, Banana, Citrus, Oil palm, Coconut, Tomato, Onion, Turmeric, Chillies & Coriander etc. Andhra Pradesh Ranks 1st in the production of Oil palm, Mango, Tomato, Chillies, Turmeric and 2nd in the production of Loose Flowers in the Country.

4.2.2 Horticulture sector contributes approximately 6.80% of the state GSDP. In view of the high contribution to the GSDP, Govt. of A.P has been given emphasis to Horticulture Development primarily targeted to increase the production, productivity and quality. Infrastructure development for Post harvest management and protected cultivation has been given prime importance to reduce post harvest losses and also to increase production and productivity of vegetables and flowers.

4.2.3 In Primary Sector Mission, Horticulture sector is identified as one of the important Growth Engines for achieving the Double Digit inclusive Growth under Agriculture sector. To achieve Double Digit inclusive Growth the following components has been identified as Key Performance Indicators.

- Area Expansion under Tissue Culture Banana.
- Area Expansion of other important Horticulture crops.
- Poly houses / Green Houses.
- Shade net Houses.
- Micro Irrigation integrated with fertigation & agronomy services.
- Area Expansion of Oil palm and intercropping with Cocoa.

4.2.4 Keeping in view, the Key Performance Indicators, sufficient budget has been allocated during 2016-17 under various schemes to achieve required Growth in Horticulture sector. During 2016-17, as against a BE of Rs.4578.00 lakhs, an amount of Rs. 5640.44 lakhs is allocated as RE. Out of an amount of Rs. 4872.90 lakhs released as on 28-02-2017, an amount of Rs. 2909.81 Lakhs is incurred as expenditure. For the year 2017-18, an amount of Rs. 56.80 Cr. is proposed.

Proposed Action Plan during 2017-18

4.2.5 The following are the schemes proposed for 2017-18 for implementing the Horticultural activities.

- National Horticulture Mission (NHM)
- National Mission on Oilseeds and Oil palm Programme (NMOOP) under Mini Mission-II
- Pradhana Mantri Krishi Sinchai Yojana (PMKSY) APMIP
- State Development Plan(State Plan)

Strategies for Implementation of Action Plan 2017-18

- Increase cultivation of vegetables in clusters for better quality and higher production.
- Distribute more farm fresh vegetable vending vans to farmer groups for direct marketing of their produce to rythu bazaars & colonies to avoid middle man.
- Encourage oil palm cultivation in the state to reduce expenditure on import of oil.
- Identify crop specific clusters and promote high value crops (fruits, vegetables and flowers).
- Convergence of MGNREGS with Horticulture Department for better utilization of labour and empowerment of backward communities.
- Promote post -harvest management practices through establishment of pack houses, cold storage and ripening chambers, refer vans, cashew processing units to reduce postharvest losses and to promote exports.
- Improve marketing facilities through Rythu bazaars, vegetable markets, collection centers and refer vans so that the farmers get remunerative prices for their produce.
- Promote precision farming through micro-irrigation, fertigation, greenhouse / shadenet houses cultivation, mulching for better water conservation and to produce high quality vegetables & flowers production.

- Organize farmers in to FPOs and FPCs for aggregation of produce to ensure better quality as well as market linkage to facilitate in getting higher prices.
- The details of components in different schemes proposed during the year 2016-17 are as follows:

Establishment of Nursery Infrastructure

4.6 FISHERIES

4.6.1 The Budget proposed for fisheries sector during 2017-18 Rs. 20.41 Cr. and the following schemes are proposed during 2017-18.

I. Assistance to Retail Fish marketing by supply of Cycle with Nets and Ice boxes

Scheme and Objectives: The fishermen living near the rivers and reservoirs and in the tanks, have to travel long distance from their habitats for fishing. To reduce the labour, Bicycle is supplied to overcome hardships for fishing along with nets to catch the fish. After catching of fish, the fish should be preserved in ice box to prevent post harvest degradation and losses. Hence ice box is also supplied. The objective of the scheme is to provide Cycle with nets and ice box to active fishers to support and enhance their livelihood and also to create employment opportunities.

Unit Cost and Pattern of Assistance: The unit cost of all these three items is fixed at Rs.15,000/- depending on the type of Cycle, ice box and nets. The subsidy will be 90% of the unit cost or actual cost whichever is less with a maximum ceiling of Rs.13,500/-. The balance 10% of unit cost will be beneficiary contribution or bank loan. No. of units proposed is 4000 and the Budget Estimate is Rs. 540.00 Lakhs.

II. Supply of two wheelers with ice box/ Freezer mounted Mopeds for fish vending/ Two wheelers with ice box for shrimp seed transport

Scheme and Objectives: Though A.P. stands first in fish and prawn production, the State stands low in per capita fish consumption. The main reason is lack of availability of fish in hygienic conditions at all times and at all places. If the ST fishers are provided with two wheelers with ice box / freezer mounted mopeds for fish vending, the fishers can have easy access to the consumers at their doorsteps and sell in hygienic condition and get good returns for their livelihood. The Objective of the Scheme is to increase domestic fish consumption, to supply fish to consumers in hygienic and fresh conditions and to supply the shrimp and fish directly to processing units thereby improving livelihoods.

Unit Cost and Pattern of Assistance: The unit cost not exceeding Rs. 0.60 Lakhs depending on the requirement of trade. The subsidy will be 90% of the unit cost or actual cost of the unit, whichever is less, subject to maximum ceiling of Rs.0.54 Lakhs. The balance 10% of unit cost will be beneficiary contribution or bank loan. The No. of units proposed is 397 and the Budget Estimate is Rs. 214.38 Lakhs.

III. Assistance to Retail Fish marketing by supply of Three Wheelers with Ice boxes

Scheme and Objectives: In spite of good demand for fish in towns and cities in A.P. the retail marketing chain is very weak. At present fish is marketed by “high end malls” in frozen condition catering to the needs of rich people and by small vendors who sell fish in highly unhygienic conditions. Many Scheduled Tribe fishermen are poor and unable to procure the required fishing inputs such as, nets, insulated ice-boxes etc,. The objective of the scheme is to increase domestic fish consumption, to ensure access of the poor to nutritious food, to supply fish to consumers in hygienic and fresh conditions besides improved livelihoods

Unit cost and Pattern of Assistance: The unit cost is Rs. 3,00,000/-. The subsidy shall be 90% of the unit cost or actual cost whichever is less subject to maximum ceiling of Rs.2.70 Lakhs. The balance 10% of unit cost can be beneficiary contribution or bank loan. No. of units proposed is 55 and the Budget proposed is Rs.148.5 Lakhs.

IV. Assistance to Retail Fish marketing by supply of Four Wheelers with Ice boxes

Scheme and Objectives: The retail marketing chain is very weak in Andhra Pradesh. Due to lack of post harvest facilities, fishers are forced to sell fish at ‘distress sales’. Many Scheduled tribe fishermen are poor and unable to procure the required post harvest equipments like transport, nets, insulated ice-boxes etc. For enhancing the livelihood of STs who are involved in fishing activity it is proposed to provide them by supply of Four Wheelers with Ice boxes. The Objectives of the scheme is to increase domestic fish consumption, to ensure access of the poor to nutritious food and Supply fish to consumers in hygienic, and fresh conditions

Unit Cost and Pattern of Assistance: The unit cost of Four wheeler including accessories should not exceed Rs.4,40,000/-. The subsidy shall be 90% of the unit cost, whichever is less, subject to maximum ceiling of Rs.3.96 Lakhs. The balance 10% of unit cost can be beneficiary contribution or bank loan. No. of units proposed is 39 and the Budget Estimate is Rs.154.44 Lakhs.

V. Supply of Ice boxes to Fishers:

Scheme and Objectives: The fisherwomen belonging to STs who are involved in selling fish in the urban and rural markets needed to be supplied with ice boxes for enabling them to properly store the fish in getting good prices by selling the good quality fish. The Objective of the Scheme is to sell the fish in fresh and hygienic condition where the sellers will get good price and the consumer will get quality fish.

Unit Cost and Pattern of Assistance: The unit cost of ice box (100 liter) will be Rs.6000.00. The subsidy shall be 90% of the unit cost i.e., Rs.5400/unit or 90% of the actual cost of the unit whichever is less. The balance 10% of unit cost will be beneficiary contribution or by bank loan. No. of units proposed is 901 and the Budget Estimate is Rs. 48.654 lakhs.

VI. Assistance for Establishment of Fish retail Kiosk

Scheme and Objectives: Most of the fish produced is being sold in the fish markets by small vendors in highly unhygienic conditions. There is great need to promote the sale of fish in hygienic conditions in fish markets at various like in Major towns and municipalities. The fish is sold in the kiosk in a hygienic way by utilizing the modern fish preservative and processing technologies. This will also help in promoting livelihood of ST fishers. The Objective of the scheme is to increase domestic fish consumption, to popularize the modern fish processing and preservation

technologies, to ensure access of the poor to nutritious protein food, to make available the supply of hygienic fish to consumers in fresh conditions and to increase the per capita fish consumption.

Unit Cost and Pattern of Assistance: The unit cost will be upto Rs. 10,00,000/- . The subsidy will be 50% of the unit cost or actual cost whichever is less subject to maximum ceiling of Rs.5.00 Lakhs . The balance 50% of unit cost can be beneficiary contribution or bank loan. No. of units proposed is 70 and the Budget Estimate is Rs. 350.00 lakhs.

VII. Supply of Fish seed transport vans

Scheme and Objectives: Most of the fishers eke out their livelihood on supply of fish seed transport to aqua farmers. The fish seed is supplied to different parts of the State and also to other parts of the State. The fish seed transport is directly promoting the fish production to cater the needs of the fish farmers. The objective of the scheme is to provide assets by supplying fish seed transport vans to support their livelihood.

Unit Cost and Pattern of Assistance: The unit cost is fixed up to Rs.10.00 lakhs depending on the type of van. The subsidy will be 50% of the unit cost or actual cost whichever is less subject to maximum ceiling of Rs.5.00 Lakhs. The balance 50% of unit cost will be beneficiary contribution or bank loan. The No. of units proposed is 117 and the budget proposed is Rs. 585.00 lakhs

1.a Livelihood Activities:

Objective:

The main objective of "Unnathi" is to bring every poorest of the poor household in the state out of poverty through increased and sustainable livelihood opportunities established with the aid of intensive hand holding support.

Composition of unit:

The units or assets are mainly livestock (cow, buffalo, bullock) and small ruminants (goat, sheep). The experience of Unnathi in asset grounding has shown that nearly 2/3rd of families

prefer some kind of livestock. In addition to this, small business, skill business and land lease are other units grounded based on the families' preference in Household Livelihood Plan. Average unit cost is Rs.50,000/-.

Expected Outcomes:

The expected key outcomes from this strategy are a) all target households earn a minimum of Rs. 1.00 lakh income per annum from multiple livelihood sources over a period of 3 years b) significant improvement in human development indicators and c) entitlements of eligible ST families or individuals under various entitlements are ensured

Procedures for selection, sanction and grounding:

- Funds are allotted for districts basing on the SC/ST population at state level
- Funds allocation for mandals are fixed by district management based on the Population, Backwardness, Previous funds position of the mandals.
- Beneficiary will be selected by the respective Village Organisation based upon the available of funds.
- Prepare Project Based Household Livelihood Plan by the selected family with the support of Velugu staff.
- Funds are channelizing through Stree Nidhi
- VO purchase committee and SHG leaders will purchase the asset and handover to the beneficiary.
- Funds are providing as loan to member and revolving grant to Village Organisation
- Loans provided to members with upfront Vaddileni Ruanalu (Interest free loans)
- The recovered loan amount will be rotated to the same member to a max. of 3 doses , remaining ST members also be provided funds basing on the available funds
- Livelihood support activities like Loan Insurance, livestock insurance provide to beneficiary with free for cost.
- UCs uploading in website by velugu staff.
- Beneficiary and Loan tracking monitoring through web based progress.

Gap in Development:

As per baseline conducted by APSERP in FY, 2013-14, total 5.46 lakh ST HHs are in Andhra Pradesh. So far, 35,218 ST HHs are provided livelihoods with an amount of Rs. 102.29 Cr of Tribal Sub Plan funds. Balance 5.11 HH to be provided livelihoods with Tribal Sub Plan funds.

Budget Proposed:

Rs. 118.35 Cr are proposed to grounding of livelihoods for 23,670 ST families in FY 2017-18

Name of the activity	Unit Cost (in Rs.)	No. of individuals	Amount (Rs.Lakhs)
Livelihood support for ST families	50,000	21,796	10858.45

2. Construction of gravity based water plants in tribal areas

- In the Tribal Sub Plan areas there are many habitations which are not having any reliable water supply systems with provision for potable water. ITDA/TPMU/TSP areas of Seetampeta, Parvatipuram, Paderu and RC Varam. The present proposal is for 100 identified and assessed habitations in these 4 ITDA areas for supply of reliable and potable water.

Context:

- The people in the tribal habitations have been fetching their water from sources which are very polluted at long distances of 500m to 1500m. The women and children are the carriers of water to their houses. Precious time is lost in addition to the health hazards associated with contaminated water.
- Some Non-Governmental organizations like Visakha Jilla Nava Nirman Samithi (VJNNS) have been working in this area with support of "Arghyam", a Trust based in Bangalore. A few other NGO partners like BREDS, Jattu etc. are also into this. In the last 5 years they could complete about 83 such systems only due to lack of budget and qualified personnel.
- VELUGU with its strong presence in the tribal areas with Village Organizations (VOs) in all the villages and supportive CBOs like Mandal Mahila Samakhyas (MMS) is well placed to take up the construction and maintenance of the water supply systems through the VOs. The Cluster Coordinators, HD coordinators and APMs will assist the VOs in the work.

Model:

- There are perennial spring systems covering almost all the tribal habitations. These springs are the source of water. The water is naturally filtered. However, the source has to be protected from external contaminations. The springs are situated about 500m to 3KM distance from the habitations.
- The water is brought down through HDPE pipelines, with tapering to maintain speed of flow through gravity. A 3 chamber filter house with reverse filtering is constructed near to the habitation. It is filtered through stones, pebbles and sand.
- At the outlet of clear water chamber, a UV lamp (battery supported) will be fixed to kill micro-organisms if any.
- Depending on the number of houses/populations stand posts will be erected. The overflow water will be used for growing vegetables/horticulture plants.

Cost Estimate:

- The cost of construction including logistic and technical support for per systems is Rs 4 Lakh.
- The Arghyam and NGO partners like VJNNS will give paid support towards TOTs, Module development, Assessment of the spring system for its sufficiency and monitoring support.
- Hence, an estimated amount of Rs. 26.80 Cr is required for taking up these water supply systems through the VOs in the tribal sub plan areas of Seetampeta, Parvatipuram, Paderu and RC Puram for 670 water plants.

Budget proposed:

Name of the activity	Unit Cost (lakh.)	No. of Units	Amount (Rs.Lakhs)
Construction of Water Plants in Tribal Areas	4.00	670	2680.00

2.a Strengthening of Proposed Activities:

The Scheduled Tribes are the disadvantaged people among communities and need special attention. SERP has been putting concerted efforts to bring all Scheduled caste members into SHG fold through social mobilization process. Till now, almost 90% of ST members were brought into SHGs and given various financial and non-financial services for improving their socio-economic status. To further develop them, SERP has conducted a situation analysis through its field staff and secondary data. The situation analysis has revealed the following gaps in the CBOs formed with ST SHG members:

1. Majority of ST SHGs have no regular meetings, savings, internal lending, good recovery performance and good bookkeeping practices.
2. Recovery of CIF, POP Fund and Bank loans are poor in ST SHGs.

Proposed Key Interventions for strengthening of ST SHGs under Tribal Sub Plan:

- Bringing all leftover ST Community members into SHG fold through SHG Resource Persons
- Revival and strengthening of default/defaulted SHGs through CRPs and project staff
- Financial literacy through Community Auditors and SanghaSandarshini programme
- Training to SHGs on mobile bookkeeping
- Training to staff on dealing with issues of ST SHGs

The Expected Outcomes

- Around 60% of SHGs will be following "Pragathi Ki Padi Sutralu" and will be in "A"
- Around 70% of SHGs will be having 100% of repayment in internal lending, CIF, Stree Nidhi and Bank loans
- At least 2/10th of the members will take up livelihood activities
- Around 50% of VOs will be in "A" grade
- All eligible ST members should access loans from the fund meant for them apart from Stree Nidhi loans and repay on time
- CIF Repayment rate will be improved at MS level (at least 5% more than the existing repayment rate)

Budget Proposed:

Name of the activity	Amount (Rs.Lakhs)
Strengthening of ST SHGs	1051.42

2.b Facilitation Cost to CBOs & SERP:

Over a period of 14 years, SERP has created an institution of community based organizations with roots at the deepest level i.e. habitation. The measure of the success of this institution can be gauged from the fact that all development schemes of the government are now being implemented through Mandal Samakhya and their Village Organisations. All the activities proposed are to be undertaken by Village Organisations (VOs). The objective of facilitation cost is to reimburse the VO for the service rendered by it. The amount of Rs. 298.74 Lakhs shall be utilized towards service charges of VOs. This amount shall help the VO in proper implementation and follow-up in the field.

SI No	Activity Proposed	Amount (Rs. Lakhs)
1	Facilitation Cost to CBOs	298.74

2.c Facilitation Cost to SERP:

SERP has a network of more than 2,000 people only at the state and district level who are responsible for the planning and implementation work. In order to undertake the activities proposed, SERP shall incur administrative and other costs. The amount of Rs. 298.74 Lakhs proposed as facilitation cost shall be used for smooth and effective implementation of activities.

SI No	Activity Proposed	Amount (Rs. Lakhs)
1	Facilitation Cost to SERP	298.74

2.d Conduct Studies:

SERP, in all its programme implementation, has adopted the culture of result-based management that provides the basis for evidence-based decision-making, of both strategic and operational nature, at all levels including at the community institution level and at the POP household level. SERP proposes to conduct studies on various programmes implemented by SERP under Tribal Sub Plan to get first hand information of effective implementation and results of the programmes. In this regard, conduct studies on various programs benefitting the ST beneficiaries is proposed by SERP with the estimated cost of Rs.50Lakhs.

SI No	Activity Proposed	Amount (Rs. Lakhs)
1	Conduct Studies	50.00

5 National Rural Livelihood Mission (NRLM):

Institution Building for strengthening CBOs and CIF – Livelihoods (Govt. & NGO tie ups) for Women SHGs schemes are planned under NRLM:

Background

The Scheduled Castes (SCs) and Scheduled Tribes are the disadvantaged people among communities and need special attention. Strengthening efforts by SERP have been made by SERP by adopting various social mobilization and institutional strategies in bringing them in SHGs and various capacity building efforts have been made by SERP to make them self sustainable by promoting income generation activities.

- The situation analysis of the STs conducted by SERP has found the following gaps in the CBOs formed with STs SHG members.
- SHGs in tribal areas have no regular meetings, savings, internal lending's, good recovery performance and good bookkeeping practices. About 40 to 60 % have become defunct.
- Village Organizations and Mandal Samakhya have poor attendance of the ST SHG members in their meetings.
- Recovery of CIF loans is poor at SHG, VO and MS level.
- The information flow of the related activities is found wanting with the SCs & STs by way of sharing of best practices, training and monitoring of activities.

6.1 Institutional Building :

Proposed activities:

- Bringing all leftover ST Community members into SHG fold through external CRP strategy
- Revival and Strengthening of "C" and "D" grade SHGs by engaging SHG Trainers
- Financial Literacy to SHGs in all MSs ,
- Conducting trainings to MS /VO Functional Committees,
- Promoting mobile banking ,tablet & web based accounting in CBOs
- Trainings to CBO staff on technology based accounting
- Project staff Trainings

Expected Outcomes:

- Around 15,000 SHGs will be following "Pragathi Ki Padi Sutralu" and will be in "A"
- All 15,000 SHGs will be having 100% of repayment in internal lending, CIF, Stree Nidhi and Bank loans
- At least 1/10th of the members will take up livelihood activities
- Around 250 VOs will be in " A" grade
- All eligible ST members should access loans from the fund meant for them apart from Stthree Nidhi loans and repay on time
- CIF Repayment rate will be improved at MS level (at least 5% more than the existing repayment rate)
